

## Other RFGI-Related Publications

In addition to the RFGI Working Papers, the researchers in RFGI have turned many of their working papers into published articles and have written additional articles out of the data they collected. This list includes publications that have been published or are in progress as of November 2017.

### Contents

Conservation & Society Special Issue.....	1
Books and Book Chapters.....	1
Doctoral Dissertations.....	2
Doctoral Projects in Progress .....	3
Peer-Reviewed Articles and Book Chapters .....	3
Reports, Briefs, Blogs & Films.....	7

### Conservation & Society Special Issue

- Ece, M., J. Murombedzi, and J. Ribot (eds.) (2018, January). Disempowering democracy: local representation in community and carbon forestry in Africa. A Special Issue Introduction. *Conservation and Society*.
- Instances of Recognition in REDD+ Project Negotiation: Donor-country Dynamics in Central Africa – Gretchen M. Walters and Melis Ece
- Climbing the Ladder of Participation: Symbolic or Substantive Representation in Preparing Uganda for REDD+? – Robert Mbeche
- Feigning Democracy: Performing Representation in UN-REDD Funded Nigeria-REDD Programme – Emmanuel Nuesiri
- Representation through Privatization: Regionalization of Forest Governance in Tambacounda, Senegal – Melis Ece
- Differential Recognition: Producing Injustice in Senegal's Charcoal Market – Papa Faye
- Facipulation and Elite Formation in a Community Resource Management Area in South-Western Ghana – Manali Baruah
- Choices Have Consequences: REDD+ and Local Democracy in Kenya – Susan Wangui Chomba
- Coerced Conservation on Mount Kilimanjaro: Resources, Rents, Representation and Resistance – Martin H. Kijazi

### Books and Book Chapters

- Nuesiri, E.O and Rutt, R.L. (eds.) 2018. Not by participation alone: responsive representation in forestry and climate change mitigation programmes. Book under review with Palgrave-Macmillan.
- Strengths and limitations of conservation NGOs in meeting local needs - Emmanuel Nuesiri.

- Political representation: a key to strong participatory processes and responsive forest governance - Emmanuel O. Nuesiri
- A review of UN-REDD and World Bank FCPF recommended governance principles for member countries - Rebecca Rutt and Emmanuel O. Nuesiri
- An Appraisal of Village Level Associations for REDD+ Implementation in Buya 1, Bikoro Territory, Democratic Republic of the Congo - Raymond Achu Samndong.
- Towards a new era of multi-stakeholder cooperation: how collaboration and participation can drive transformative change in effective forest management and climate change mitigation: Experiences from Cameroon, Ghana, Mexico, Indonesia, Peru and Uganda - Gretchen Walters and George Akwah
- Does REDD+ lead to a more functional centralization in the forestry sector? The comparative case of Brazil and Indonesia - Harald Fuhr, Markus Lederer, Chris Höhne, Fee Stehle and Thomas Hickmann
- Recognition and the cultivation of sub-national authority from above through REDD+ in Africa - Phil Rene Oyono
- Rhetoric of representation: carbon forestry presentation versus practice in Uganda - Robert Mbeche
- Displacement, power, and REDD+ in Tanzania - Emma Jane Lord and Severine Van Bommel
- Responsive forest governance under REDD+ in Kenya - Susan Chomba and Alfred Gichu
- REDD+ in India: implications for local forest dependent communities - Indu K. Murthy and Vinisha Varghese
- Is REDD+ changing democratic representation? The case of two indigenous communities in the Peruvian Amazon - Carol Burga
- Evolution of Mexico's REDD+ readiness process through the lens of legitimacy - Jovanka Špirić
- Not by participation alone: getting representation right in forest resources governance - Rebecca Rutt and Emmanuel O. Nuesiri

### Doctoral Dissertations

- Baruah, M. (2017). As You Plant, Will You Reap? Environmentalism, Subject-Building, and the Discourses and Practices of Agroforestry for Realizing REDD+ Benefits. PhD thesis: University of South Carolina, Columbia.
- Chomba, Susan. (2015). Implications of decentralized forest management and REDD+ for rural vulnerability in Kenya. PhD thesis: University of Copenhagen, Denmark. (<http://ifro.ku.dk/english/staff/?pure=en%2Fpublications%2Fimplications-of-decentralized-forest-management-and-redd-for-rural-vulnerability-in-kenya%28d2635933-fe85-4c03-987f-5585f81f2e1d%29.html>).
- Cote Muriel, (2014) The struggle for autonomy: Seeing gold and forest like a local government in Northern Burkina Faso, University of Edinburgh.
- Faye, Papa. (2014). Democratizing forestry: constitutionality and local democracy in two Senegal's forest interventions. PhD thesis, Institute of Social Anthropology, University of Bern.

- Kakelengwa Mbilizi Billy, (2016) La gouvernance aux prises avec les logiques des acteurs de conservation de la nature a la réserve de faune à okapis en territoire de Mambasa, République Democratique du Congo, University of Kisangani.
- Jusrut, Poonam. (2016) The Black Diamond of Tambacounda: Charcoal, Representation and Decentralized Development in the Forests of Eastern Senegal. PhD thesis, University of Illinois at Urbana-Champaign.
- Yamo, Antang. Propriete fonciere et gestion des ressources forestieres du sud-est cameroun a l'epreuve des reformes: etude anthropologique des modes d'organisation et de gestion. Thèse de Doctorat PhD en Anthropologie, Université de Yaoundé 1, Cameroun.

### Doctoral Projects in Progress

- Kagyei, Frank (in progress) Authority and Access along the Charcoal Commodity Chain in Ghana.
- Karambiri, Mawa (in progress) Local democracy, multilevel governance and challenges in mainstreaming climate change into policy and development program in Burkina Faso, University of Helsinki.
- Mandondo, Alois (in progress) An examination of the democracy and legitimacy effects of governance regime changes associated with non-state market driven conservation initiatives in Zimbabwe, University of Illinois at Urbana Champaign.
- Nakangu, Barbara (in progress) Power and subjectivity: the genealogy of persistent conflicts and power-relations associated with PAs in Uganda, Makerere University

### Peer-Reviewed Articles and Book Chapters

- [Samndong, R. A., and D. J. Kjosavik](#). (2017). Gendered forests: exploring gender dimensions in forest governance and REDD+ in Équateur Province, Democratic Republic of Congo (DRC). *Ecology and Society*, 22(4):34.
- Kairu, A., C. Upton, M. Huxham, K. Kotut, R. Mbeche and J. Kairo. (2017). From shiny shoes to muddy reality: understanding how meso-state actors negotiate the implementation gap in participatory forest management. *Society & Natural Resources*. doi:10.1080/08941920.2017.1382628.
- Adjei, P.O.W and Agyei, F. K. (forthcoming). Assessment of community representation outcomes of the Modified Taungya System as a decentralized forest governance strategy in Ghana. *Journal of Forestry Research (Springer)*
- Prince Osei-Wusu Adjei, Abrefa Kwaku Busia and George Meyiri Bob-Milliar. (2017). Democratic decentralization and disempowerment of traditional authorities under Ghana's local governance and development system: a spatio-temporal review. *Journal of Political Power*, 10(3), 303-25.

- Agyei, F.K. and Adjei, P.O.W. (2017). Representation without accountability: experiences from the Social Responsibility Agreement in Ghana. *Forest Policy and Economics*, 80, 34-43.
- Baruah, M. (in review). Facipulation and elite formation in a community resource management area in South-Western Ghana. *Development and Change*.
- Baruah, M. (in preparation). Whose land and whose trees? Multiple benefits from carbon forestry amidst tenure insecurity in Ghana's cocoa landscape. Targeted for publication through *Journal of Peasant Studies or Environmental Science & Policy*.
- Baruah, M. (in preparation). Good air stewards: Engaging farmers to produce clean air through narratives of environmental crisis and individualizing risk. Targeted for publication through *Journal of Peasant Studies, Environmental Science & Policy or Economy and Society*.
- Chomba, S. (2015). The carbon woman: rethinking representation in relation to gender in the implementation of REDD+. Paper presented at the Resource Politics Conference, Institute of Development Studies (IDS), Sussex University, UK, 7th to 9th September 2015.
- Chomba, S. (2015). Institutional choices under REDD+ and their implications for democracy in Africa. Draft manuscript presented at the Fifth Conference on Climate Change and Development in Africa (CCDA-V) in Victoria Falls, 28th-30th October 2015.
- Chomba, S. (in review). Is REDD+ undermining local democracy by partnering with bespoke carbon committees and community based organizations?
- Chomba, S., Treue, T. & Sinclair, F. (2014). The political economy of forest entitlements: can community based forest management reduce vulnerability at the forest margin? *Forest Policy and Economics*. <http://www.sciencedirect.com/science/article/pii/S1389934114002214>
- Chomba, S., and Nathan, I. (2015). Illusion of empowerment? Questioning policy and practice of community forestry in Kenya. *Ecology and Society* [.http://www.ecologyandsociety.org/vol20/iss3/art2/](http://www.ecologyandsociety.org/vol20/iss3/art2/)
- Chomba, S., Kariuki, J., Lund, J.F. and Sinclair, F (2016). Roots of inequity: how the implementation of REDD+ reinforces past injustices. *Land Use Policy*. <http://www.sciencedirect.com/science/article/pii/S0264837715002926>
